

Side shower with 12 nozzles for full-bodied spray pattern.

Aquatower 2000

The best in refreshment and stimulation. Aquatower 2000.

MULTI-JET SIDE SHOWER

Three GROHE multi-jet side showers feature 30-degree swivel adjustment to meet your personal showering preferences.

SENSIA DUAL HANDSHOWER

Choose between the refreshing NORMAL spray and the vigorous JET spray.

FUNCTIONAL DESIGN

The silky aluminium panel with freestanding shower rail and height adjustable shower gives the Aquatower 2000 an innovative and modern look. It's compact dimensions ensure space saving and stylish installation.

AQUADIMMER

The aquadimmer function gives you complete control; allowing you to choose the showering experience to suit your mood – from head shower to body jet or both at once.

THERMOSTAT

GROHE's highly reliable thermostat technology keeps the water temperature constant for uninterrupted showering pleasure.

Corner hugging design.

Aquatower 2000 can also be fitted in corners with optional corner installation set. Allowing maximum freedom of movement even in small shower spaces.

- 1 Handshower set
- 2 Side showers
- 3 Thermostat
- 4 Aquadimmer
- 5 Aluminium profile

Sparkling freshness. Relaxed enjoyment. Aquatower 1000.

MULTI-JET SIDE SHOWER

Two individually adjustable GROHE multi-jet side showers stimulate the senses.

TEMPESTA DUO HANDSHOWER

The 100 mm wide shower head takes showering pleasure into a new dimension. Immerse yourself in a full-bodied rainspray or the JET spray for focused stimulation of the skin.

COMPACT DESIGN

The youthful design and the compact dimensions allow for a low-profile installation while at the same time providing shelf space behind the panel.

AQUADIMMER

The integrated aquadimmer control allows you to divert between handshower and the side shower or have both running at once.

THERMOSTAT

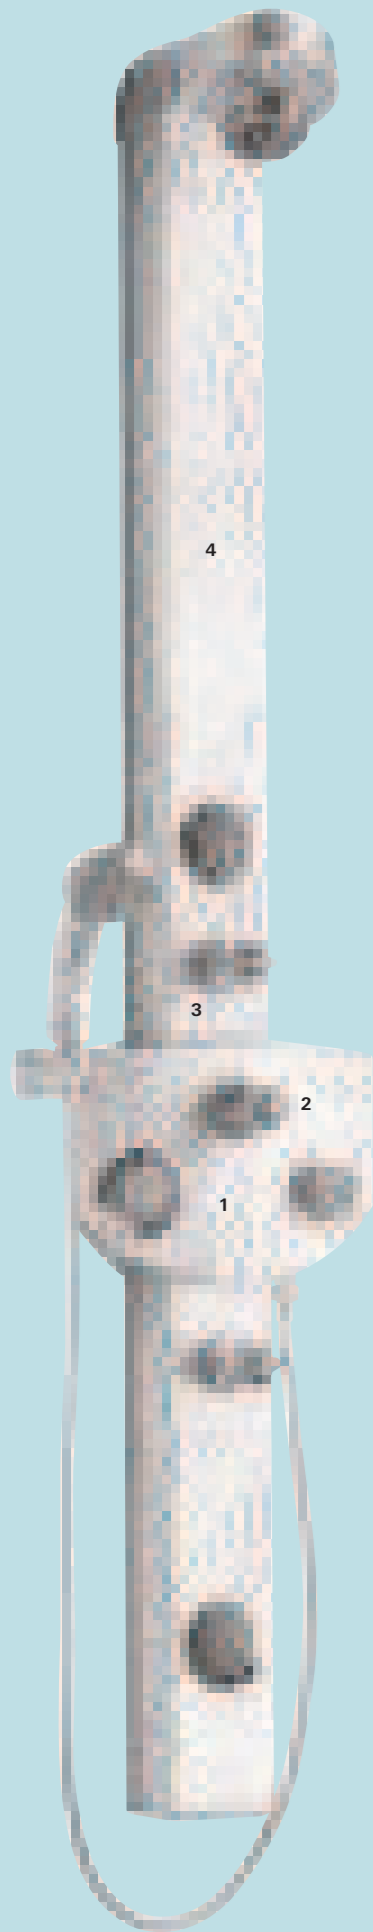

The smart GROHE thermo element adjusts the water temperature to the desired level and keeps the water temperature constant for unspoiled showering pleasure, even in case of sudden pressure fluctuations in the water supply.

- 1 Handshower set
- 2 Side showers
- 3 Thermostat
- 4 Aquadimmer
- 5 Shelf
- 6 Resin profile

**Aquatower 1000
Corner mounting set.**
Use the corner space to mount your shower system and gain additional shelf space.

Relaxation or refreshment – why not take both? Aquatower 3000 Dual.

HEAD SHOWER

The dual function head shower offers either normal or jet spray patterns fantastic whether you are starting the day with an invigorating shower or relaxing those tense muscles after a strenuous work out.

MULTI-JET SIDE SHOWER

Pamper yourself with GROHE's 4 multi-jet side showers. Each side shower produces 12 separate jets for an extra large spray pattern so you can enjoy invigorating refreshment and relaxing massages.

RELEXA PLUS DUAL HANDSHOWER

GROHE's best selling handset gives you the choice of full or jet spray. The cool touch handle offers improved comfort and safety.

MODERN DESIGN

The slim line design and smooth styling combining the head shower, hand shower and 4 multi-jet side showers bring a new level of luxury and convenience to your bathroom.

AQUADIMMER

The combination of head shower, hand showers and multi-jet side showers are effortlessly controlled with the GROHE aquadimmer function allowing you to select that showering experience that fits your mood.

THERMOSTAT

Built in control ensures uninterrupted showering pleasure. Simply select the desired temperature and leave the rest to the integrated thermostat.

INSTALLATION

Available in two variants, wall or corner mounted, the Aquatower 3000 Dual is simple to install.
