# Brassware

## CA Series Basin Mono

With an opulent open waterfall spout, this beautiful CA Series tap truly captures beauty in the bathroom.

Designed for the modern decor, these taps are suitable for family bathrooms, en-suites and cloakrooms.

## Virgo Basin Mono

This Virgo brassware tap can accommodate your basin and bath and gives you the option to function as a bath shower mixer.

This tap has sweeping lines and simple looks, for a family bathroom or cloakroom.

## Concept Basin Mono

With a distinctive appearance this meshes well with baths & basins, both curved and straight, making it ideal for your en-suite.

# Unit Care

Please leave a minimum of 72 hours before cleaning your new unit.

---

## Wood Care

Only use non-abrasive cleaners on your vanity unit and fitted furniture, to avoid scratches and damaging. Scratches can attract water and encourage mould to grow. Please use warm water & soap on a tightly woven cloth to wet the surface, before immediately drying the area to avoid leaving streaks.

---

## Chrome Care

Tarnished chrome-finish taps and fittings are best cleaned with soap and water on a soft rag, vinegar and baking soda can be used if needed. Alternatively, baby oil can be used to shine up your chrome.

Rusty chrome fittings can be tackled with a crumpled piece of aluminium foil dipped in vinegar and a small amount of pressure, followed by a rinse with water.

To avoid water spots, make sure you immediately dry your chrome fittings after polishing.

# 0% Finance Available

Flexibility to spread the cost of your new bathroom so that you can buy what you really want rather than just what you can afford right now.
