Dimensions:
Vanity Unit: Width: 570mm, Depth: 505mm, Height: 800mm
Basin: Width: 610mm, Depth: 525mm, Height: 235mm (including basin depth)

Contemporary lightness of design meets heavy-duty construction with this 800mm Ashford Vanity Unit and deep basin. Featuring two soft-closing deep drawers with smooth handleless fronts, the unit is made from high quality engineered wood and finished in a lustrous pearl grey acrylic which is protective and easy-clean. Complementing the Ashford's practical and unfussy design, the basin is a substantial construction of high-quality ceramic and features a splash guard at the back and anti-splash edging around the front and sides.

Ashford 600 Cloakroom Suite

Create a natural and robust style in your bathroom with this Ashford set that includes basin, vanity unit, BTW unit and toilet. The deep ceramic basin is impressive in both size and practicality with a splashguard at the back and anti-splash rim around the front and sides. The basin sits on a two-door cabinet unit which, along with the BTW unit, is finished in a glossy acrylic pearl grey which creates a warm fresh look that is compatible with any style of bathroom decor. The two handleless drawers feature ample storage and high-quality soft-closing runners, while the BTW unit comes with a water-saving dual flush cistern that is accessible from the front and top for easy maintenance. The toilet pan features the same high-quality ceramic construction as the basin and comes with a soft-closing seat.

ASHFORD 600 CLOAKROOM SUITE

ASHFORD CLOAKROOM

Well-built with generous dimensions and a fresh modern look, this Ashford suite comes with 800mm Vanity unit, basin and back to wall toilet with seat. The floor standing design ensures stability, strength and fully concealed pipework while the mirror-shine pearl grey acrylic finish gives natural lustre to both the vanity unit and back to wall. The two soft-closing drawers feature smooth, handleless fronts and give you plenty of storage for your bathroom essentials. The deep ceramic basin is luxuriously ample and features an anti-splash design with splash guard at the back. The WC unit conceals a water-saving dual flush cistern which is easy to access from the front and top, and features a toilet pan with soft-close seat.

 Ashford Bathroom Suite: 800mm Vanity Unit,
 900mm Quadrant Shower Enclosure, Close-coupled Toilet

Brighten up your bathroom with the robustness and refreshing simplicity of this Ashford suite which comes with 800mm or 600mm vanity unit, toilet and shower enclosure. The glossy pearl grey acrylic finish on the vanity unit is warm and versatile, complementing any style of bathroom decor while protecting the solid MDF unit from damp. Featuring smooth handleless fronts, the two deep drawers provide generous storage space while gliding noiselessly on high-quality soft-closing runners. The deep basin is a lavish design in high-quality ceramic that features anti-splash edging and a splashguard at the back. Both sliding doors of the reduced height quadrant shower enclosure feature toughened 6mm safety glass and polished chrome profiles as well as a magnetic seal to keep the doors shut while the shower is in use. The close-coupled toilet matches the brilliant white ceramic construction of the basin and comes with a soft-closing seat.

Product Summary

- Floorstanding 600mm or 800mm, Vanity Unit with handleless soft-closing drawers & deep basin
- Back-to-wall Toilet with dual-flush Cistern, Pan & Soft-closing Seat
- 1700mm Bath in top quality Lucite acrylic (extra strength and heat-retention)
- Optional Whirlpool System, bath panels, taps, wastes, bath screen and shower valve
- Fully Guaranteed

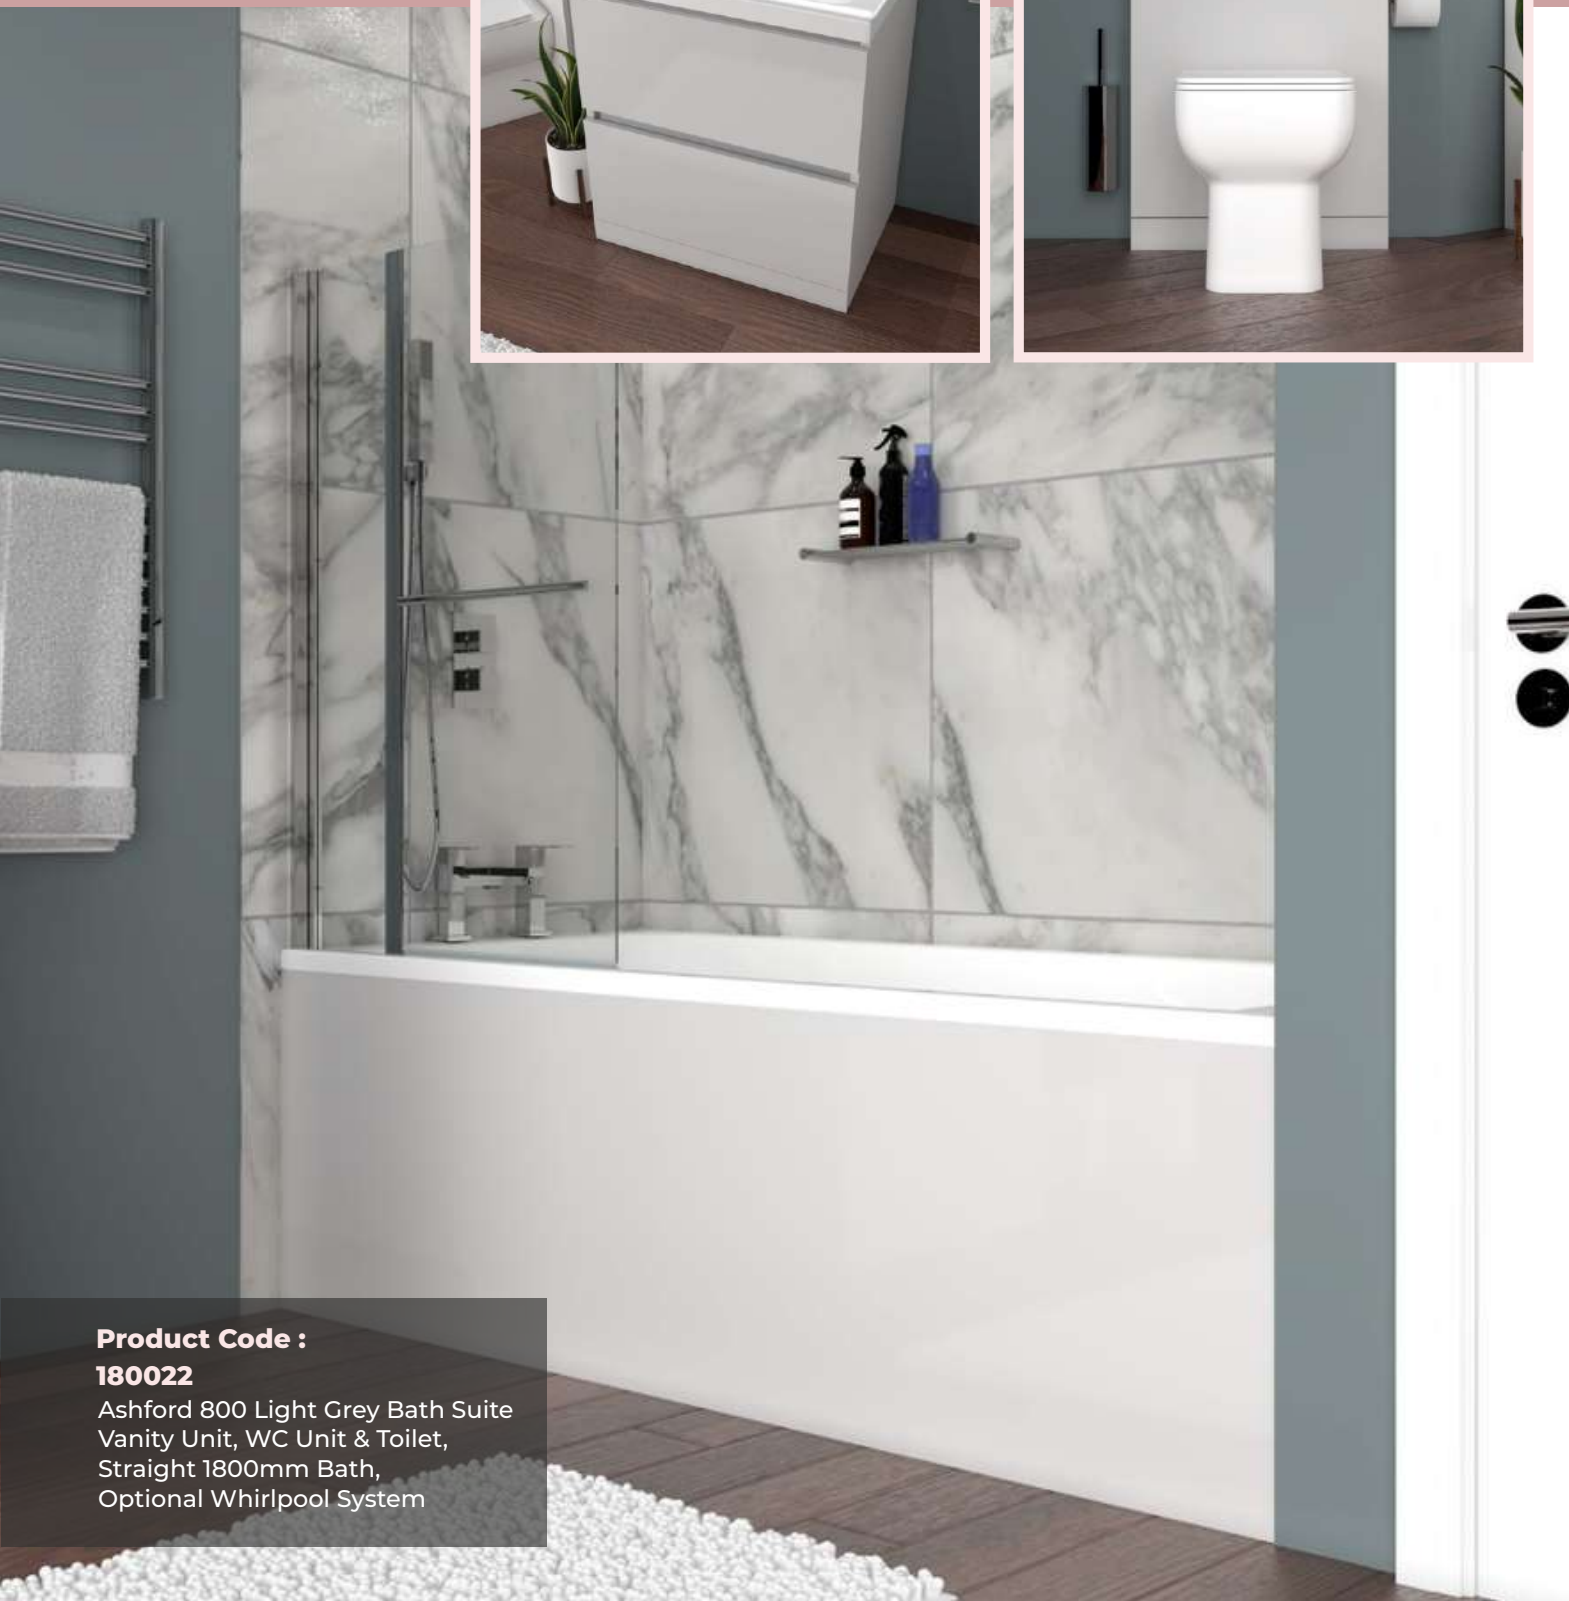

Freshen up your bathroom space with this complete Ashford package for a coordinated modern look in stylish Pearl Grey. A double drawer floor standing vanity unit, Back to wall toilet and straight 1700mm bath are included at an extremely affordable price, and you can upgrade your bath into a wellbeing spa by choosing from the two whirlpool system options. The easy-clean gloss acrylic Pearl Grey finish of the vanity, back to wall and optional bath panels is protective and water resistant while the MDF construction is robust and durable. The standard size bath is made from high-grade lucite acrylic which is stronger and retains heat for longer than regular acrylic. This extra strong and secure bath also features a fully encapsulated baseboard for reinforcement and a leg kit for stability. The vanity features a smooth soft-closing drawer runners and a deep luxury ceramic basin. The concealed cistern has dual-flush water-saving functionality and is controlled by a chrome-finished push button. A soft-closing toilet seat and cover are included. Many additional items can be added to your purchase from the dropdowns above, such as bath screen and shower valve should you require the versatility of a shower bath.
